MOHD SAHIL

has successfully completed the online, non-credit Specialization

Front-End Developer

This specialization is geared toward beginning users who would like to learn and build Front-End Developer Skills. The courses in this series cover SOAP Web Services with JAX-WS, RESTful Web Services with JAX-Rs, and HTML - Front-End Developer, among other topics. These courses are designed to help learners build a solid foundation knowledge, while also giving them hands-on experience in the labs, not only to practice their assignments, but to also begin creating on their own.
